

## Important notice

- You need to be aware of forthcoming changes to **V55/1** and **V55/2** First Registration forms.
- You must ensure all First Registrations from **01/01/10** onwards are on the new forms.
- Old forms **will not** be accepted after **31/12/09**.
- Please note, we will accept new style forms from **07/12/09**.

### Why?

The DVLA is required to capture additional vehicle information to meet the requirements of the European Regulation on setting emission standards for new passenger cars. The new fields are manufacturer, type, wheel base and track width.

### Where can I find this information?

This information can be found on the Certificate of Conformity.

### What does this mean?

Old forms **will not** be acceptable after **31/12/09**.

**Please contact your manufacturer/Trade Body for further information.**
