WHAT IS SMMT?

The Society of Motor Manufacturers and Traders (SMMT) is one of the largest and most influential trade associations operating in the UK. Its resources, reputation and unrivalled automotive data place it at the heart of the UK automotive industry. It undertakes a variety of activities to support and represent the interests of the industry and has a long history of achievement.

Working closely with member companies, SMMT acts as the voice of the UK motor industry, supporting and promoting its interests, at home and abroad, to government, stakeholders and the media.

SMMT represents over 600 automotive companies in the UK, providing them with a forum to voice their views on issues affecting the automotive sector, helping to guide strategies and build positive relationships with government and regulatory authorities.

To find out how to join SMMT and for more information, visit www.smmt.co.uk/memberservices or e-mail membership@smmt.co.uk.

UK AUTOMOTIVE: BACKGROUND

In 2014 the UK automotive manufacturing industry...

Turned over
£69.5 billion

Invested
£2.1 billion
net capital

Exported
products worth
£34.6 billion,
accounting for
11.8% of the
UK's total
export goods

Invested
£2.4 billion
in R&D

Added
£15.5 billion
in value to the
UK economy

SMMT SUBSIDIARIES AND PARTNERSHIPS

Automotive Council

The Automotive Council was established in 2009

as a collaborative partnership between industry and government to shape the future of the UK's automotive industry.

Bringing together senior executives from across the industry, the work of the Council is channelled through three working groups: the Supply Chain Group, the Technology Group and the Business Environment and Skills Group. With top-level political and industry support, the Council is able to support the UK's dynamic, innovative and cutting-edge automotive sector.

www.automotivecouncil.co.uk

SMMT Industry Forum

Industry Forum was formed in 1994, initially as a unique collaboration between leading vehicle manufacturers, SMMT and government to improve the performance and competitiveness of the UK's automotive supply chain.

Continued measurable success has led to sustained growth into many other sectors including aerospace, construction, domestic appliances, electronics and food. Industry Forum now provides support to blue chip organisations in more than 30 countries across five continents.

Motor Codes

Motor Codes operates Trading Standards-approved codes of practice, outlining clear-cut customer service level expectations in the new car sales, service and repair, and vehicle warranty sectors.

It serves as a business driver for subscribing garages and offers reassurance to motorists through transparent online garage ratings and an independent advisory service.
